

# **Project WRD-1 Reflection**

## **Q.1 What I liked about this lesson?**

A.1 What I like the most about project WRD -1 is using the different format, and how to use them in different ways. And how to use and define press release. I did not know anything about press release now I have an understanding of the meaning.

## **Q.2 What I didn't like about this lesson?**

A.1 I think we could have take a little bit more time on it to understand it completely. It was hard to stay concentrated on the project because there was not too much self-control with others a student. But overall it still went good.

## **Q.3 What I would do to make it better?**

A.1 If I could do anything to make this project better I would have to put more time to teach. Because we didn't get to go over the whole project meaning. Have a more stabiles learning area to tech this project.
